PREPARATORY DEPARTMENT.

For those not fully prepared to enter the regular course, instruction will be provided in Reading, Spelling, Arithmetic, English Grammar and Geography.

PRIMARY DEPARTMENT.

Young pupils of either sex will be received and carefully trained in elementary studies. A teacher of experience has charge of this department.

NORMAL DEPARTMENT.

Teachers and others wishing to review the English Branches, will have ample opportunity to do this. Thorough and practical review of English studies, Lectures on Theory and Practice.

RHETORICAL EXERCISES.

Careful attention is given to drill in English composition, spelling and other Rhetorical Exercises, and this work is required three hours a week throughout the course.

YOUNG LADIES' INSTITUTE.

LOCATION.

The institute is in the center of the State, midway between Columbus and Zanesville, in one of the most charming and healthy regions of the West. The country is beautifully diversified with hill and valley. The town is surrounded by hills, presenting one of the loveliest pictures in nature. It is six miles from Newark. The Ohio Central passes through the village.

BUILDINGS.

The buildings are sufficient in number to accommodate the family of the President, the Teachers and sixty boarding pupils, with all necessary recitation, apparatus, music and painting rooms. They are surrounded by ample and beautiful grounds, and furnish a lovely home for the inmates of the school. The buildings have been enlarged to meet the pressing demand for more room.

APPARATUS.

The School is provided with apparatus for illustrating the most important facts in natural Science, and new articles will be added to meet the necessities of classes.

MUSICAL DEPARTMENT.

The Musical Department is furnished with seven good pianos, and with two excellent Cabinet Organs. The best instruction given, and its success full of encouragement.

PAINTING DEPARTMENT.

Unusual facilities are afforded for those who wish to study this branch of the fine Arts. A first class Artist fills the department. The work done is very superior.

LITERARY SOCIETIES.

There are two flourishing societies, the Euterpean and Philomathean, which meet Friday evening of each week, and are doing much to stimulate and cultivate a literary spirit.

They have pleasant halls, neatly and tastefully furnished, also, good libraries, to which accessions are constantly being made.

ADMISSION.

Pupils will be received at any time and assigned places in classes for which they are prepared. It is very desirable, however, that they should enter at the beginning of the term and continue to the end. A few days' board and tuition are not to be compared with the derangement of classes thus caused.

DIPLOMAS

Will be awarded to such as complete the regular courses, whether classical or English.

GOVERNMENT.

It is the decided purpose of the Faculty to make good scholars and practical women. It is intended to make the pupils feel that they have a reputation to preserve and characters to make; and the government will be in keeping with the dictates of common sense and Christian principle.

No pains will be spared to make the pupils happy and comfortable, and such a course will be pursued as will tend to secure cheerful and honest obedience from all.

Teachers and pupils sit at the same table, worship at the same altar, and mingle in friendly intercourse during the hours of recess from school duties.

In all their associations with the members of the school, the teachers aim, by direct instruction and personal counsel, to enforce upon the conscience and heart the doctrines and precepts of the Scriptures, as the only rule of life and safe guide to happiness.

Thorough preparations of every lesson, strict observance of study hours promptness at recitations and at chapel, and regular attendance at church on the Sabbath will be required of all.

GENERAL REGULATIONS.

1. No pupil will be received, except by special arrangement at the time of entering, for less than a term or the remainder of the term in which she enters, and no deduction will be made for absence, except from protracted sickness, in which case the loss will be equally shared with the patron.

2. Students from abroad are required to board in the Seminary. Many evils are liable to arise from the choice of surroundings by the pupil or by parents who are strangers to the influences to which the pupil will be exposed. The President must have the right to decide so important a matter. Experience shows the necessity for safe and careful supervision.

3. Most of our rooms are arranged in suites; one sitting-room and two bed-chambers to be occupied by four young ladies. In the new apartments

single rooms can be furnished for two. Pupils are expected to keep their own rooms in order, and are held responsible for damage to either room or furniture. Bed rooms are furnished with spring-beds and mattresses. Pillows 20 by 28 inches. As the rooms have been recently carpeted and supplied with new modern furniture, all washing of small articles in them is strictly forbidden. Individuals occupying a single room will be charged a dollar per week extra. Two pupils occupying a suite of rooms designed for four, will be charged extra.

4 It is very desirable that pupils should be provided with all needful clothing for the term to prevent interruption of study. It is especially desirable that the dress of the students shall be simple and inexpensive. Simplicity saves time, thought and money needed by scholars for higher uses. For this reason we desire that the outfit be plain but complete, so as to avoid purchases during term time.

5. All articles of clothing and bedding must be distinctly marked with the owner's name in full. Each young lady must furnish her own napkins and napkin ring, towels, one pair of sheets, one pair of pillow-cases, and a comfort and blankets, so that two room-mates may together furnish all needful bed-clothing. Each one must be supplied with thick shoes, overshoes, umbrella, and water-proof cloak. Students furnish their own coal oil lamps, and may provide window drapery, table-spreads, etc.

6 Parents are earnestly requested not to send boxes of cake and sweetmeats to their daughters, as they often cause sickness and serious interruption in study. Parents are also requested not to furnish their daughters with too much spending money; a small amount deposited with the President, to be given out at his discretion, is preferable.

7. Pupils are not allowed to make or receive visits on the Sabbath. The parlor is open to callers on Saturday afternoon, from three to half-past four o'clock. Visitors are requested to refrain from calling, except at the designated hours. Persons from a distance, calling upon pupils, will please send their names and requests to the President.

SPECIAL ADVANTAGES.

This has been a first-class School, for over half a century, with constantly increasing advantages. It has been sixteen years under its present administration. The President, a well known scholar and teacher in New England, was for sixteen years a leader in the Public Schools of Cincinnati. The successor of Dr. Ray, he was for seven years the Principal of the celebrated Woodward School, and, also, the President of the Board of Examiners and Inspectors of all the Public Schools of Cincinnati, so that he brought a large and rich experience to his present position in Granville. He is now ably assisted by his son, Francis Wayland Shepardson, a graduate of both Denison and Brown Universities. Mrs Shepardson, a native of Cincinnati, is well

known for her thorough scholarship and numerous accomplishments. Most of the family have enjoyed very superior advantages of study and travel in Europe, having made seventeen voyages across the Atlantic within six years, not including those made by teachers and pupils. Miss Brooks, the Lady Principal, has honored her department for sixteen years, constantly gaining influence as a ripe scholar, an able teacher, and a spiritual, earnest Christian. Mrs. Rose D. Whissen, an excellent scholar, teaches most thoroughly the Latin Language and Literature, and presides over the house, winning golden opinions by her easy, quiet, queenly manners. Miss Ida M. Saunders, well known for her thorough scholarship and womanly dignity, teaches Chemistry and presides over the Primary and Preparatory departments. Miss Mary L. Freeman, Valedictorian of the Class of '81, Vassar College, proves to be an invaluable accession to our Faculty. She teaches Logic, French and German.

The Music Department has nine excellent pianos and organs, including a twelve hundred dollar Parlor Grand, said to be the best instrument ever brought into Granville. Instruction the past year has been given by Mrs. E. F. Appy, Prof. T. C. Roney, Mrs. M. E. Thresher and Miss Abby J. Kerr.

The Art Department, so successful under Miss J. H. Shepardson, now Mrs. Thorne, and her assistant, Miss Laura Martin, will be enlarged, under a new Principal, from Boston, who has had several years of most successful experience as a Teacher in the extreme South and Virginia. As a new feature she will introduce China Painting, with the use of a kiln.

Elocution will hereafter be taught by a professional teacher. Special attention will continue to be given to the education of Teachers in the Normal Department.

To the above advantages must be added a beautiful and healthy location, a solid, religious, intelligent community, and the stimulating, elevating influences of other schools. There has been but one case of severe sickness in sixteen years. This is a remarkable fact. The pupils can have access to all the classes, lectures, experiments and public exercises of Denison University. The intellectual and social influence thus secured is an immense benefit, not to speak of the educational power of our charming church edifice, new organ, &c. In a word, this School is thoroughly alive and abreast with the times, encouraging the best and broadest culture, and desires select pupils of high aspirations. Much attention is paid to their comfort, morals, manners and christian character. This helps to make the school safe, desirable and efficient—binds its pupils together, collects and keeps an unusual amount of talent, crowds its halls, and constantly extends its influence and usefulness. Nearly all its graduates are earnest christians.

The Ohio Baptist Woman's Education Society,

THE OHIO BAPTIST WOMAN'S EDUCATION SOCIETY aids worthy young women who are studying to become Missionaries, either at home or abroad. During the last thirteen years it has assisted, directly and indirectly, about one hundred and sixty, to the amount of over thirteen thousand dollars. It is, also, seeking means for the permanent endowment of "The Institute." A new building is much needed to supply more rooms. Ten additional rooms have just been purchased. These, however, will not meet the necessities of our increasing numbers. Besides, funds must soon be secured to pay at least a part of the instruction. Fifty scholarships are much needed. It is expected that most vigorous measures will soon be adopted by the Baptist denomination to secure the enlargement and perpetuity of this School, that has been so remarkably blessed of the Lord for so many years.
